Governor Pinchot Attacks "Local Relief" Proposals

CLAIMS RICH SHOULD AID HIS BROTHER

Declares Contributions of Wage Earner Will Only Help Prolong Depression

BURDEN ON CITIES

Tells Bible Class Prosperous Ones Should Participate in Hard Times

F LUSHING, N. Y., Oct. 26.—Plans of the national unemployment through local contributions was hit at an unwise and foolish by Gifford Pinchot in an address delivered Sunday before the Men's club of the First Congregational church here.

Pinchot declared that the wage earner's contribution helps to keep someone from starving but it does not get us out of the depression. He said what it does do is keep us in the depression.

The address of Pinchot, follows:

Some things about this depression everybody knows. Some things about it very few people know, and they are keeping their knowledge to themselves. The time has come when somebody ought to tell one particular truth about the relief problem. I have been waiting to hear somebody do it. Since nobody else, to my knowledge, has done so, I propose to do it myself.

We all know that there are going to be some millions of destitute unemployed people who will need relief this winter. We all know that these unemployed must not be allowed to starve. And the mind of the nation is made up that we are not going to let them starve. But who is going to carry the load of relief?

Let me say, to begin with, that no source of relief ought to be neglected—that all the money that can be brought together will be much less than will be required to carry the unemployed and their families through the coming winter without bitter suffering. But the country ought to know where the burden fell last winter and where it is proposed that it shall fall during the winter just ahead.

There has been much insistence from high quarters that the cost of relief should be carried locally. Campaigns for this purpose are under way, or shortly will be. To those campaigns certainly all who are able to do so ought to contribute, and contribute generously, in accordance with their means.

But having done that, can we wash our hands of the relief problem? Can local resources alone answer the call? Should local resources alone answer the call? The impression is being created by constant repetition that this is all we are going to do—draw upon the sources of local relief for what they will produce, and let it go at that. This seems to me the advice either of those who are blind to the facts, or else of those who know exactly what they want and are out to get.

Additional Burden

In handling the problem of local relief, where does the money come from? Relief drives, such as the one now being undertaken are far from being the only source

TAX ON LUXURY TO NET STATE LARGE AMOUNT

Proposal of Legislators Would Bring Money to Aid Unemployment

SACRAMENTO, Oct. 26.—(UP)—If California decides to impose a sales tax on luxuries or semi-luxuries, as proposed by members of the state legislature, you'll contribute toward unemployment relief every time you smoke a cigaret or go to the movies.

Prices to be paid on well known "staples" with the minimum proposed tax added would be:

Popular brands of cigarets—17 cents a package; (tax 1¢ per 1000).

Four of your favorite nickel cigars—21 cents.

A package of chewing gum — 6 cents.

A four bit movie—53 cents.

A 25 cent bottle of ginger ale—27 cents.

A 50 cent package of malt—60 cents (flat tax of 10 cents per package).

Lipstick, face powder, beauty creams and lotions, eyebrow pencils and all millady's cosmetics would fall under the proposed tax of 5 per cent.

Emphasizing the fact that he was not advocating any one of the various proposed sales taxes, Roland A. Vandergift, state director of finance, estimated the amounts to be

MARTINEZ WINERY RAIDED BY POLICE

MARTINEZ, Oct. 26.—(UP)—A "little black book" seized in a raid on a still at the Colton winery was believed responsible today for a raid on the club, resort near Oakley, and arrest of two men on liquor charges.

Ben Dal Porto, wealthy landowner and asserted proprietor, and Charles Luchsi, said by Justice of the Peace Munduck to be a special deputy sheriff, were those arrested.

Dal Porto was booked for possession and released on bail. Luchsi, charged with sale, was freed on \$150 bail.

The club was the scene a month ago of the suicide of Frank Cosmi, Contra Costa county "man of mystery," who was a close friend of Thomas W. Keller, asserted lessee of the Colton winery.

CARL F. BURNS IS ACCUSED OF SHOOTING WIFE

Santa Ana Man Held in L. A. Jail—Mrs. Burns is Taken to Hospital

CARL F. BURNS, 31, well known Santa Ana, son of Elmer Burns, and nephew of Mrs. Emma French, pioneer, is today under arrest in Los Angeles, following the asserted shooting of his estranged wife, Mrs. Emily E. Burns, 29, while the two were at the home of Mr. and Mrs. Frank Decker, of 8577 Harner street, Saturday night.

Mrs. Burns was shot in the hip, the bullet shattering the hip bone, according to a report received here. She was rushed to the Georgia street hospital, where the bullet was extracted by Doctor William R. Maloney. Mrs. Burns then was transferred to the Methodist hospital, where it was said today her condition is satisfactory.

Burns is being held on a charge of assault with a deadly weapon.

Mr. and Mrs. Burns have been estranged for more than a year. About a year ago she filed divorce proceedings against him. At the time of the shooting they were at the Decker home, where a reconciliation had been planned, it is reported.

Elmer Burns, father of Carl told The Register today that Mrs. Burns had attempted to take their child to Honolulu, her former home, and that he believed this was what brought on the shooting.

Santa Ana police have had trouble with Burns here during the past several months, when he was asserted to have attacked his wife on one occasion and at another time when he is said to have made a disturbance at her home.

He was freed in court here several weeks ago on a charge of grand theft, when a charge against him of that nature was dismissed by the district attorney's office.

At the time of his arrest, Burns was employed by a wine brick concern.

WILL ROGERS says:

BEVERLY HILLS, Oct. 26.—[To the Editor of The Register:] This man Laval, who is mightily ably representing the great French nation, is said to be a self-made Frenchman. (And we thought only Americans were self-made.) Well, he was just getting along great with Mr. Hoover, as they had said that they had no "real business" to transact. But then unfortunately for Monsieur Laval he ran into our Prime Minister, Mr. Borah, who has charge of our foreign affairs. Typical Frenchman, had met a typical American. And mere compliments ceased.

Yours,
WILL ROGERS.

MUSSOLINI IN ADDRESS ASKS WORLD PEACE

Declares to 300,000 Italians Treaty Revision is Necessary

NAPLES, Italy, Oct. 26.—(UP)—Premier Benito Mussolini, who rose to power leading the Fascist army's march on Rome nine years ago, has joined the ranks of world leaders clamoring for revision of world war peace treaties and reparations.

Addressing the largest audience he had ever faced, Mussolini told 300,000 Italians here such action was necessary to lead the world from the darkness into which it was plunged by the world war.

His audience packed the immense piazza plebeisito and overflowed into side streets.

The premier's remarks were addressed to all Italians and not to Fascists alone, adding further distinction to his plea.

"If 60 long years (the estimated reparations period) must pass before we can write 'finis' to the tragic balance sheet built on the blood of 10,000,000 youths, we will never again see the light of day," Mussolini said.

"Can we say that judicial equality exists among nations when on one side there are those armed to the teeth, while on the other hand there are those miserably condemned to be disarmed?"

How can we talk of European reconstruction if several clauses of the various peace treaties which have pushed the world to the brink of material disaster and moral desperation are not modified?"

"How long will it take to convince mankind that something is disjoined in the world's economic machine?"

Mussolini emphasized the necessity of government turning toward the people but avoiding monopolistic bolshevism or obsolete liberalism.

"We have nothing to fear even if capitalism of other countries is experiencing so many disasters," he said.

Mussolini warned that attempts to interrupt the unity of the Fascist regime would be severely crushed. He exhorted the Italian monarchy and invoked the devotion of his audience to the dynasty.

MACDONALD FAVORED TO BE RETURNED

Prime Minister Expected to Win Majority in House of Commons Tomorrow

RACE WILL BE CLOSE

Should Labor Party Win Absolute Majority MacDonald to Resign Post

LONDON, Oct. 26.—(UP)—The national government of Prime Minister Ramsay MacDonald continued the favorite today to win a Parliamentary majority in the new House of Commons to be elected tomorrow.

Political developments of the most few weeks depend upon the size of the national government's majority and particularly upon its make up. Disposition of Liberal votes where the party has no candidates is considered extremely important.

The Conservative party was conceded the chance of winning an absolute majority over all other parties, although such a majority would be one of the component parts of the national government majority. If the government returns fewer candidates than is anticipated, its component parts will be obliged to stick together indefinitely to insure a continuous working majority.

An absolute Conservative majority would mean pressure for a full and immediate tariff policy, probably leading to defection from the national government of the free trade Liberals headed by Sir Herbert Samuel. With the unity of the government majority thus disturbed, most observers doubted whether MacDonald and his National Laborite followers would remain long in the government.

If both free trade Liberals and National Laborites broke away from the national government, the Conservatives and Liberals led by Sir Simon, whose policies are almost identical, were believed capable of forming a government which could remain in office for the full statutory period of five years.

Failure of the Conservatives and Simon Liberals to command an absolute working majority in the House of Commons would force them to water down their tariff policy in order to place the free traders and retain MacDonald at the head of the government.

The Labor party never has had more than 237 members in any Parliament. The most optimistic forecast today gave them a maximum of less than 250 in the next House. But if Labor should return 307 members in tomorrow's election, thus obtaining an absolute majority, MacDonald would have no other constitutional alternative than to resign and advise the King to call upon Arthur Henderson to form a new government.

Election day was termed by various newspapers and campaigners "The Day of Destiny. The Turning Point in History. The Day."

The McKinnells plan to wait until a few days before Mrs. Judd is called to trial before starting west.

JAPANESE FIRM IN WITHDRAWAL PLANS

TOKIO, Oct. 26.—(UP)—Japan stood firm today on her refusal to set a definite date for withdrawal of her troops from Manchuria.

A restatement of the Japanese policy after refusing a League of Nations demand for withdrawal of troops by Nov. 16 was framed by the cabinet. There was no change in the government policy, and emphasis was placed on "scrupulous respect for Japan's rights and interest in Manchuria, acquired by treaty."

There was no indication that Japan would withdraw from the league. No change was expected in her position. Japan's vote against the league council's formula for settlement of the Manchurian dispute with China made the council resolution ineffective, as it required unanimity.

WASHINGTON, Oct. 26.—(UP)—President Hoover today addressed the national convention of radio broadcasters meeting in Detroit, from the White House. He said that the American policy of making radio broadcasting a private instead of a governmental enterprise has "avoided the pitfalls of political and social conflicts in the use of speech over the radio."

HOOVER, LAVAL CONFERENCES COME TO END

Agree That Further Relief Necessary During Depression Period

WASHINGTON, Oct. 26.—(UP)—Prospect of further relief for war debts and reparations opened up today as a result of the visit of Premier Laval just ended. It is a move aimed at the heart of the worldwide depression.

Laval and President Hoover agreed that further relief was necessary during the period of the depression. It was agreed, however, that Germany must take the initiative under the Young reparations plan by asking for appointment of an allied commission to investigate her situation. Officials here expect such a move soon.

When the allies have granted relief, President Hoover will ask congress to create a new debt commission to consider reduction of war debts.

It also was agreed that measures would be taken to check heavy French withdrawals of gold from the United States. France is expected immediately as one step, to use \$5,000,000 in gold which she is holding in the New York Federal Reserve bank to invest in acceptances in the American market.

President Hoover and Premier Laval agreed in a joint communique that maintenance of the gold standard in France and the United States would be a major influence in restoring normal economic life.

These were the two major developments in the Hoover-Laval conversations. Practically no progress was made on disarmament. It was discussed at length. Laval gave no ground. He brought up his security plan though he had been forewarned by Senator Borah that it had no chance. He did not therefore ask the United States to approve it but merely laid his view before this government.

He outlined France's need for defense. This discussion ended with

AL CAPONE GETS DELAY IN JOURNEY TO FEDERAL JAIL

CHICAGO, Oct. 26.—(UP)—"Scarface Al" Capone's journey to Leavenworth penitentiary was ordered delayed temporarily today by the Circuit Court of Appeals.

The order halted Capone's scheduled removal from the county jail to a train late today to start for the prison where he is under a 10-year sentence after conviction of income tax fraud.

Decision on defense plea for a writ of supersedeas and bond was set for 2 p. m. tomorrow by Circuit Judges Samuel Alschuler, William M. Sparks and Evan A. Evans after the plea had been argued.

Grossman urged that if the judges considered freeing Capone on bond, the amount should be "considerable" and should include the \$50,000 he was fined. The prosecutor referred to the gangster's "illicit

75 BLIND PERSONS ESCAPE FROM FIRE

PITTSBURGH, Oct. 26.—(UP)—A large section of downtown traffic came to a standstill today while a "human chain" of 75 blind men and women marched out of their building after fire broke out in the basement.

The 75 were ready for work at the Pennsylvania Association for the Blind when the fire started.

The sightless men and women quickly formed into line, hands on the shoulders of the person ahead of them for guidance, and marched to the street.

Passing motorists and pedestrians quickly formed a cordon of safety about them, disrupting traffic but preventing injury to the blind.

TO FILE FAIR MEMBERSHIP SUITS NOV. 2

Members of the Orange County Fair Association have been granted an extension until November 2 in which to pay claims against them to clean up affairs of the organization that for several years sponsored the annual Orange county fair. On November 2, it was learned today, a suit will be filed against those members of the association who have not paid their share of the indebtedness of the organization, amounting to approximately \$9000.

This decision was reached at a recent meeting of directors of the fair association at which time all claims against members were assigned to Harry Lake, Garden Grove lumberman, who for several years was president of the organization and, aside from the outstanding \$9000 debt, has assumed approximately \$50,000 of the total debt against the fair association amounting to \$75,000.

The matter of individual settlement of claims against the more than 180 members of the association has been turned over to George Raymer, secretary of the Santa Ana Chamber of Commerce, and F. L. Purinton, by the association directors. In announcing this extension it was pointed out that settlement out of court will mean a saving of both time and money for those involved. The books will be kept open until November 2, according to Raymer and on that date individuals named as members of the association who have not made settlement will be named in the action being prepared by Attorney D. G. Wettlin for filing next Monday.

It is estimated that approximately 50 members will complete settlement by that date.

DREDGING WORK AT NEWPORT TO AID JOBLESS

Undertaken at this time to assist in relieving the unemployment situation and at the same time completing a necessary task the Irvine company will dredge the channel in Newport bay below the new state highway bridge now under construction and put the material on low lands on the adjoining shore which forms a possible breeding ground for mosquitoes, in addition to deepening the channel about 10 feet in that area.

James Irvine Jr., appeared before the board of supervisors and made verbal application for permission to do the work last week and when that body indicated its willingness to grant the permission said that he would file a written application with the board tomorrow.

request merely means that the company is taking advantage of the state project which is eliminating a traffic hazard through removal of the dangerous curve at the present bridge by moving the structure approximately 400 feet nearer to Newport.

The dredging and filling would have to be done sooner or later and he decided to do the work at this time in connection with the state job as an economic move and to give extra work for jobless men. The work, he said, will be done by Sparks and McClellan of Newport Beach and would necessitate moving about 300,000 yards of mud from the bay and filling in of some of the mud flats along the shore.

Word was received here today that the state had awarded the contract for its share of the dredging to the same firm on a bid of \$9,000. The state contract calls for dredging 3 miles of embankment from the channel known as the north arm of Newport bay.

SIMPLY ELEGANT

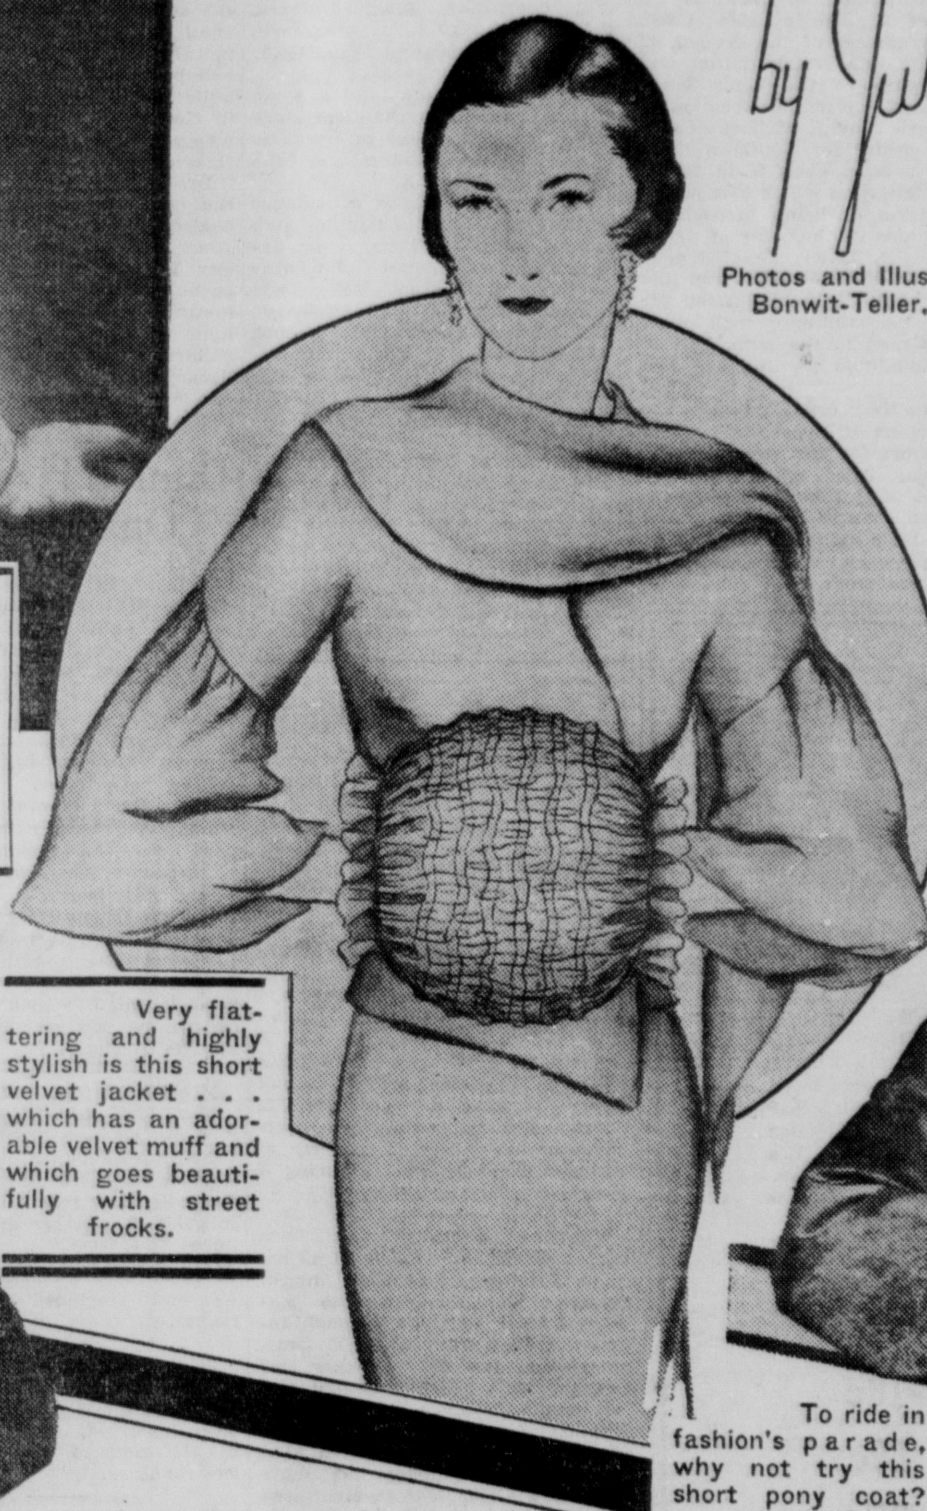

Furs and velvets
hold the foreground
of winter fashions,
setting a new high
mark for loveliness

by Julia

Photos and Illustrations from
Bonwit-Teller, New York

Everybody will
come to your parties if you make
yourself alluring in Vionnet's black
and white velvet hostess gown
... which could teach Eugenie a
trick or two about romance.

Very flat-
tering and highly
stylish is this short
velvet jacket ...
which has an ador-
able velvet muff and
which goes beauti-
fully with street
frocks.

To ride in
fashion's parade,
why not try this
short pony coat?
... which, for all
its brevity, length-
ens your style ...
and takes a hat with
a pert, chic little
feather.

High-pom-
padoured ladies who
liked this black vel-
vet bag ... and who
wouldn't like it?
... could have
stepped much faster
in the accompany-
ing oxford of soleil.

vet which will warm the cockles of your heart with-
out doing anything too devastating to your pocket-
book.

fur coats for woolen frocks

YOU can't get on without one of the swank little
fur coats to wear over your woolen frocks, and
you'll find the most reasonably priced and most satis-
factory ones in pony or galyac with felt hats of the
derby school to match.

a new coat-and-muff harmony

FOR all-round service and luxury you'll be mighty
glad to own a Hudson seal coat with its contrast-
ing fur collar and little barrel muff, or one of the
Vionnet muff-and-pocketbook combinations made the
shape and size of a large hand bag.

Light, luxurious, warm, and inexpensive Hudson
seal may be worn with impunity for both formal and
informal occasions, and is consequently one of the
most satisfactory of all furs.

something new in footwear

NEWEST accessories leap backward through the
years and bring you bang-up against the Second
Empire, with cameos and crests in jewelry, and hand
bags of velvet and suede fashioned after those of the
court ladies.

Because velvet is not suitable for street shoes, a
famous New York creator of milady's footwear has
achieved an astounding innovation in a soleil shoe
which looks like velvet and has reptile trims. The ex-
periment has been so successful that women every-
where are buying soleil shoes to exactly match the
color of their hats or gowns—or both.

Muffs don't
muffle your style ... instead,
they add to it ... as does
this little barrel muff with a
regal looking Hudson seal
coat.

WHEN the glamorous spirit of the Em-
press Eugenie came to haunt the femi-
nine world of 1931 with an impu-
dent little hat cocked rakishly over the
right eye, its trailing plumes tickled the imagination
of everybody concerned in the restoration.

It was picturesque. It was romantic. It had its
beauty and it had its charm. Also it was different
with an elegance which intrigued the mind so long
attuned to tailored practicality.

Except for sports occasion there are few hours of
the day that are not dominated by velvet. For mati-
nees, afternoon teas and bridge there are lovely vel-
vet frocks with black and white combinations leading
the procession.

short coats and matching muffs

TOPPING the velvet climax are the quaint little
short evening coats with their matching muffs.
The muffs are barrel-shaped and very tiny. They
are shown in velvet, chiffon, and even flowers to cor-
respond in color to the tiny coats. Those of velvet and
chiffon look just like little shirred barrels.

Keeping step with all this velvety elegance are the
luxurious furs. Luxurious does not mean costly. In
fact, the prevailing fur mode for daytime wear is the
stunning little short coat of galyac, or pony, which
falls well under a hundred dollars in cost, and which
every woman wants to wear over the woolen frocks
so popular for the street.

For that winter coat caracul remains the formal
fur, but kidskin, galyac, and Hudson seal are as
numerous as the sands of the sea.

an afternoon frock of velvet

ANY woman who can't look absolutely ravishing
in one of the lovely afternoon frocks of velvet with
a plumed hat tilted jauntily over her right ear is a
hopeless dub.

Black velvet with collars and cuffs of white lace
is a stunning costume for Sunday evenings, but for
those who prefer colors there's that lovely new shade
of red called "Spanish tile."

One lovely utilization of it is a Russian blouse and
a skirt of deep, rich brown velvet. The blouse is
tied about the waist with a heavy silver cord.

a recipe for evening charm

IF you want to be simply irresistible, deny yourself
anything whatever except the little velvet evening
coat with its matching muff which looks for all the
world like a tiny shirred barrel.

a hostess gown in velvet

THE velvet vogue, inspired by the romantic period
of the Second Empire, finds expression through-
out the sartorial world, from the impertinent hat which
tilts over the right eye to the hand bag which is an
exact replica of that carried by the court ladies of that
fascinating period when they went forth to shop—or
whatever court ladies did then.

Especially glamorous are the hostess gowns. There
is a Vionnet creation in black and white chiffon vel-

LAVENE BUSCH AND R. DUKER WED IN CHURCH

ORANGE, Oct. 25.—St. John's Lutheran church was the setting last night for the wedding of Miss Lavene Busch, attractive daughter of Mr. and Mrs. G. W. Busch, and Reinhold Duker, son of Mr. and Mrs. H. W. Duker, 411 South Bavaria street. The impressive service was read by the Rev. A. C. Bode, pastor of the church.

The church was beautifully decorated for the occasion, potted palms, baskets of fall blossoms, and quantities of fern having been combined effectively. A color of pink and yellow was theme of the wedding. A color of pink and yellow was theme of the wedding. A color of pink and yellow was theme of the wedding.

The bride, a lovely blonde, was charming in white satin with a long embroidered tulle veil fastened with a bandeau of orange blossoms in a coronet effect. Her gown was fashioned with a tight-fitting bodice, sleeveless, and with a floor length skirt trimmed with clusters of tiny tucks. Her bouquet was a shower of white gardenias and fern and her only ornament was a necklace with a crystal pendant, a gift of the bridegroom. The bride entered the church with her father, who gave her in marriage.

Miss Ella Busch, sister of the bride, was maid of honor and she was becomingly frocked in pale green tulle and carried a shower of pink sweet peas. Her train was made with a tight bodice and full skirt.

Little Betty Kahlen, a niece of the bridegroom, made a cunning flower girl as she scattered rose petals in the pathway of the bride. She was dressed in pink organdy with a ruffled skirt, and carried a pink basket with pink tulle bows. Ernest Duker served his brother as best man.

A reception in the Walker Memorial hall followed the double ring ceremony. At this close friends and relatives were present. An elaborately decorated three-tier cake topped by a miniature bride and bridegroom was served, with slices molded to represent brides and bridegrooms. Miss Elsie Miller and Miss Emma Duker presided at the prettily appointed table where the refreshments were served.

For traveling the bride chose a smart black and white ensemble with black pumps and a black hat trimmed with a black and white feather. On their return from a honeymoon, which is being spent at San Diego, the young couple will establish their home in Orange.

Mr. and Mrs. Duker are both natives of Orange, the latter having moved to Davenport, Ia., with her family when a small child. She lived there until she was 15 years of age at which time she returned to this city. The bridegroom has lived in this city all of his life and attended the St. John's parochial school. He is associated with his brother, Walter Duker, in the cement business.

The guest list included, the Rev. and Mrs. R. C. Bode, the Rev. Armand Mueller, assistant pastor of the church; Mr. and Mrs. Eugene Wunderlich and family, Mr. and Mrs. G. W. Busch and sons, Arthur and Gustaf; Mr. and Mrs. Otto Quadt, of Santa Ana, grandparents of the bride; Mr. and Mrs. H. W. Duker, Mr. and Mrs. Otto Duker and daughter, Orpha, and son, Orlo, of Long Beach; Mr. and Mrs. Walter Duker and sons, Lavene, Martin, and Ernest Duker; Mr. and Mrs. C. H. Sinclair and daughter, Alice, and sons, Arthur and Charles, Jr., of Whittier; Mr. and Mrs. Fred Kahlen and daughter, Elizabeth, and son, Frederick, of Anaheim, and Mr. and Mrs. Edwin R. Fischer and children, of Anaheim.

TWO KINDS OF LAW, MINISTER TELLS FRIENDS

EL MODENA, Oct. 25.—At El Modena Friends church Sunday morning the lesson for the morning was read by Mrs. Albert Stuart, of Colorado. It was found in Genesis 4:15. A quartet, Mr. and Mrs. Alvin Starfield and Mr. and Mrs. Elwood Padlock, sang "Sunlit Sea." The sermon was preached by the Rev. Albert Stuart. He said in part:

"There are two kinds of law, physical law and spiritual law. The physical law is not revealed to man but is discoverable. Spiritual law is not discoverable, but is revealed. Man by himself could not discover God. Some people were amazed because Edison discovered the phonograph, but a great deal of the work of discovery had been made before his time, and by experimenting, he perfected the phonograph. A great many people wonder how it happens that we have the radio; but according to the laws God made, it has been revealed. The only way development in the scientific world may be gained is by experimenting and we have accepted the fact that the laws of physical universe are the result of experimenting. In the spiritual universe, it is given by revelation, and it is of no use to experiment with things that are true. Some people think the spiritual life is a haphazard life. Some want to confirm themselves in their own opinion, and think that being scientific means that you can do as you please in spiritual things. Spiritual things are unchangeable and God's will is revealed."

Miss Ruby Gray, who is a teacher in the Oceanview school, spent the week end with her mother, Mrs. Doris Gray.

GIVE TO POOR. PASTOR URGES CONGREGATION

ORANGE, Oct. 25.—"Give All You Have to the Poor" was the subject of the Sunday morning sermon by the Rev. Franklin H. Minck at the Christian church. "Crown Him Lord" by Wilson, was the anthem by the choir. Mrs. Leon Des Larzes sang "Give Alms of Thy Goods."

The Rev. Mr. Minck presented a sermon on stewardship saying in part: "Jesus told the rich young man to sell all. He had kept all the commandments from his youth up but the love for his fellowmen. Give to the deserving poor, give to the preaching of the gospel, care for your family, indulge in recreation in a conscious manner, then consecrate all else to the service of the Lord. The rich young ruler lacked love for his fellowmen."

Kawaya, labor leader of Japan, has given his all for his fellowmen. He has organized 500,000 lay preachers among the Japanese people. He gave his all for his fellowmen. Shall I tire? There is no benefit in your tire unless it is from

the heart. Decide in the sight of God.

"The rich young ruler went away grieved after coming running to Jesus. Do you come to Jesus and remain in his service rejoicing?"

"Strong in Thy Strength, O Jesus," by Ira D. Sankey, was sung by the men's chorus at the evening service. "The Wonderful Story," by Bilhorn, was sung by the young men's quartet composed of Justin McGill, Burton Alloway, Arnold Todd, Randall Bivens.

REED ATTENDS MEET OF RESEARCH GROUP

Special From Anaheim
George W. Reid, secretary of the Anaheim Chamber of Commerce, was a guest at the meeting of the California Economic Research council held Friday in the Alexander hotel in Los Angeles. While there were numerous meetings being held at the same time at the annual meeting, it was the one devoted to discussion of industrial matters that interested Mr. Reid.

The session he attended was devoted to the study of a book called the Standard Practice Code, which is a reference book dealing with methods of making industrial and statistical surveys with the idea of locating industries in California cities.

Dr. William B. Munro of the California Institute of Technology was the featured speaker at the noon luncheon meeting. He told the conference that "research of the kind needed is merely 'hindsight' reduced to science. So long as we have mountain peaks we will have valleys. Every swing to the left is followed by a turn to the right. If the world had had fewer men of vision and more men with 'hindsight' five years ago it would have been better off."

LUTHERAN PASTOR RETURNS FROM MILWAUKEE CONCLAVE

Special From Anaheim
Returning from a three weeks' trip to the East, where he attended a convention of district presidents of the American Lutheran church, the Rev. C. H. S. Hunsicker, pastor of Grace Lutheran church, arrived in Anaheim at 6 o'clock Friday night.

Rev. Mr. Hunsicker is president of the California district and was the official delegate of the state to the presidential conference, which held sessions for a week in Milwaukee, Wis.

At the conclusion of the convention Rev. Hunsicker was on a speaking tour for two weeks. He spoke in Golden, Ill.; Coatsburg, Ill.; St. Mary's, Ohio; Jener, Ohio; Marion, Ohio; Columbus, Ohio; Radling, Ohio, and Cincinnati, O.

The subject of his speeches in the eastern cities was centered around a threefold angle concerning California mission work.

He told his audiences of the spread of the mercy of the Gospel, both for the body and soul; explained how California is a fertile field for foreign mission work with its large number of foreigners, but of those who belong to the church and those who do not.

In connecting his speeches, Rev. Mr. Hunsicker showed his audiences a moving picture of the mission work being done in this state. The picture was used through the courtesy of Erwin Miller of Fullerton, who has made the films relating to mission work done in California by the Lutheran churches. Audiences in the East were very much impressed with the film, Rev. Mr. Hunsicker declared.

CHARITY GRID GAME ONE OF SEASON'S BEST

Special From Anaheim
Football fans who bought tickets to see teams from the U. S. S. Colorado and U. S. S. Lexington battle on the Anaheim high school gridiron Saturday afternoon witnessed probably one of the most evenly matched and hard fought games ever played on the local field. From the first blast of the whistle both teams fought for every inch gained on the field. The score, which ended with the Colorado team on the winning end of a 13-12 score, is indicative of the spirit of the clash.

The game was played, however, to a poor audience. A report from J. Fred Sidebottom, past commander of both the Anaheim post American Legion and the county council, indicated today that the local post would be lucky to pay the expenses of the game with the proceeds. Funds to be derived from the sale of tickets were to have been used in veterans' welfare work.

The first score came near the end of the first quarter when the Lexington team passed, bucked, and drove the ball down to Colorado's two-yard line. Detri, massive fullback, pushed the ball over the goal line after two tries. The score was 6-0 after the kick went wide of the goal posts.

After receiving the kickoff in the same quarter after the kickoff, the Colorado team completed two first downs, most of the yardage gained by passing. Norton shot a long hove.

Addresses Heard Yesterday In Santa Ana Churches

BASES SERMON ON EFFORTS TO ENTRAP CHRIST

The Rev. C. C. Houston, pastor of the Southside Church of Christ, delivered a sermon yesterday on the effort of the Pharisees to entrap Jesus. Taking his text from Matthew 22:15-22, he spoke in part as follows:

"It was ever the thought of the Pharisees and others to catch Christ off guard and ensnare Him. They came to Him with intended flattery, but a truth was given when they said: 'Teacher, we know that Thou art true, and teachest the way of God in truth.'

"They wanted Him to say something in which they could accuse Him before the authorities. The Pharisees, who believed in the separation of the Jews and Pagans, were ready to strike with a deadly hand at the One who now was laying the principles that surely would undermine their power and leave their religion naked and dead. Then there were the Sadducees. They opposed the four cardinal points of the Pharisees; but all were ready to work to the overthrow of the One who is called the Christ. Jesus understood and perceived their wickedness, craftiness, and hypocrisy.

"Jesus brings to them at last the great commandment in the law. He brings to our mind that obedience is not alone in the outward, but is moral and spiritual. In faith, in love, in obedience to God in his way comes to man the highest of blessings. One is for time, the other for eternity; one of earth, the other of the heavenly one for the life here, the other for the one over there. May we listen and follow Him who came from God and teaches us the way of God in His word."

Boy's Suit For \$5000 Under Way

A variation from the usual type of damage action case was expected in Superior Judge G. K. Scott's court today as attorneys began selection of the jury in the \$5000 action against Pernel Barnett and Charles Spotts, of Orange, by Milford W. Dahl, Santa Ana lad.

The boy's complaint said he was riding on top of a pile of boxes in the defendants' truck when it turned from East Fourth street onto French street. There was no collision with another car as is the case in most damage suits, but young Dahl was injured just the same, he said, because the boxes toppled from the truck as it went around the corner and he toppled with them. The accident happened on July 9, 1930.

Edward W. Dahl, the boy's father, acted for him as guardian ad litem in bringing the suit.

Valuable Wool Serapes Stolen

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

Delegation To Brown Meeting

Tomorrow night will be Orange county night at the John Brown tabernacle in Riverside, where the evangelist who conducted a campaign here is now preaching. The tabernacle is at Fifth and Market streets, Riverside. The Orange county group is scheduled to gather in a body at the tent at 7:30 p. m.

PROPAGANDA OF WETS ANSWERED BY CRUSADER

William D. Upshaw, former congressman from Georgia, and well known dry crusader, delivered a stirring talk yesterday afternoon at the Church of the Nazarene before an enthusiastic audience on the subject "America's Greatest Battle."

His address was a ringing defense of the prohibition cause against wet propaganda. He pointed out that it still is necessary to explain some ancient history in connection with the Eighteenth amendment and recalled how an eminent European editor once asked him, "How did you put prohibition across over there when the rest of the folks were not looking and two million men were in France?"

"Are they still wondering about that over there?" asked Upshaw, and then explained that before national prohibition became a fact more than 30 states had adopted local option and dry sentiment was so strong that the people had elected a congress capable of granting the universal desire for prohibition.

In referring to the attempts of the wet element to make it appear that there is a sentiment in favor of repeal of the amendment, the speaker showed its absurdity by asking how far the politicians would get if they attempted to attack the constitution by advocating repeal of the nineteenth amendment—woman's suffrage.

Upshaw was introduced by Ethel Hubler, editor of the "California Voice," said to be the oldest prohibition paper in the United States. Under the auspices of this paper the noted speaker is touring Southern California, speaking three or four times daily in high schools and junior colleges.

During the meeting Sheriff Logan Jackson was introduced and presented to the speaker on the platform amid loud applause. Upshaw also spoke of The Register, pointing out that its determined stand for prohibition is well known.

MAN ARRESTED IN COUNTY BEER RAID

Following the finding of 53 quarts of beer in a house on the Dowling road, late Saturday, deputies from the office of Sheriff Logan Jackson arrested Robert Penard, found in the house at the time and lodged him in the county jail, charged with possession of liquor.

The raid was made by Officers Eells, Dukes and Dean and was made on a search warrant, officers reported.

Grand Officers Make Inspection

While in San Diego over the week end, A. H. Hall and Frank Rowe, both of Santa Ana, made an inspection visit as grand officers of the Military Order Serpents at the meeting of the Cavite Lair encampment at the Border city.

They also visited J. Lavielle Stuart, division commander of the United Spanish War Veterans, who is confined at the Naval Base hospital. The commander is recovering rapidly from an operation, they reported. Mrs. Hall and Mrs. Rowe accompanied the Santa Ana men on the trip.

State Police Are Home From Parley

Ten members of the Orange county squad of the California highway patrol returned to their homes here Saturday night after attending the three day convention of state highway officers in Sacramento last week.

The Orange county squad was taken north by Captain Henry C. Meehan.

SOVIET FILM CATCHES FIRE

WATSONVILLE, Calif. (UP)—A Soviet film, "Soll," simply was too "red" for use in a local theater, anti-communists maintain. It took fire when it stuck in a projection machine here.

GIRL BLAMES PARENTS FOR 'WILD' YOUTH

"The Price of Pleasure" was the subject of Miss Norma Ealy last night at the Church of the Nazarene, where the girl evangelist is conducting a revival campaign. One of the largest crowds in the history of the church was present. There were 12 conversions.

In part the girl evangelist said: "We are facing the fact that the world is pleasure-mad, and that people are selling their souls for a few dollars, a laugh, and a thrill. A good deal is said about 'Flaming Youth,' but an age limit can no longer be placed on the recklessness, and daring crimes of today. Shiek fathers, and flapper mothers are the models who are inspiring an age of 'devil may care' youth."

"I know of a father who said, 'I would rather send my daughters to a dance than to church.' Those daughters paid the price of pleasure before they left their teens. One said to me, 'Norma, I have sinned, but can a girl start over? Yes, she could start over, but the stolen virtue could never be restored. Do not risk the purity of your sons and daughters in the degrading influence of modern sinful gaiety centers. Perhaps you think you can trust your children—but you cannot trust the devil."

"Don't sup with the devil, for when you are through, you will have nothing left but the bones, the soiled plate, and the bill."

"Christ offers something better—peace for the restless, joy for the sorrowful, and purity for the sinful. Through His sufferings on the cross, Christ has met the needs of the world. 'How shall we escape if we neglect so great a salvation?'"

There will be no service tonight but a reception will be held for the girl evangelist and her sister Rosalie, at 7:30 p. m. at the home of the pastor, the Rev. U. E. Harding at 711 South Broadway. It will be given by the young people of the church.

ELKS TO OBSERVE ANNUAL ROLL CALL

The annual check-up of the active membership of the Santa Ana Elks lodge will be made tomorrow night when the yearly roll call is conducted at the meeting to be held at 8 o'clock in the Elks' clubhouse. About 200 are expected to answer to the roll call.

Each year, on the last meeting in October, all the lodges of the order over the United States hold their annual roll call. It was disclosed by Franklin West, exalted ruler, who will be in charge.

After the meeting a social time will be enjoyed. L. A. Schlesinger, chairman of the entertainment committee, has arranged for some theatrical performers from Los Angeles to appear. A lunch will be served at the conclusion of the evening's affair.

Boy Treated For Wounds In Head

Frank Martinez, 16, Stanton youth, was treated at the Orange county hospital yesterday for knife wounds in the head, received in a reported fight near Orange.

His cuts were not of a serious nature and after being given first aid treatment he was allowed to depart.

No report of the asserted fight was made to officers here.

AVOID UGLY PIMPLES

Does a pimply face embarrass you? Get a package of Dr. Edwards Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights, if you are like thousands of others.

Help cleanse the blood, bowels and liver with Dr. Edwards Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

Thousands who take Olive Tablets are never cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition, pimply face.

Olive Tablets are a purely vegetable compound; known by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take nightly for a week. See how much better you feel and look. 15c, 30c, 60c.

CHIVALRY AND CRUSADES NEEDED IN WORLD TODAY

"The modern girl and the modern woman are what the modern man want them to be," said the Rev. Perry F. Schrock in his sermon at the First Congregational church last night. "The female of the species has always wanted to attract and please the male. She always has and she always will. That is why I believe in chivalry. We all like the stories of the chivalry of the middle ages. The days of old, when knights were bold always thrill us."

"Two characteristics of chivalry stand out above all others. They are the knightly attitude toward women and the interest in and loyalty to religion. When we think of women today we are apt to sneer at chivalry as 'old stuff.' I am old fashioned enough to believe that there is still a place for the knightly attitude towards women. The number of lovely and gracious women today is legion."

"Yet when we speak of the modern woman we are apt to think of the two types that are portrayed in a popular comic strip—Lillians and Juno Strong. One is the brainless, petting flapper and the other is the imitation of the man. Of course not all the masculine imitators go in for athletics. Some merely acquire some of the bad habits of the men. My contention is that the girls do the thing that they think have something of the chivalric attitude of men for women. If men want them to be lovely and gracious and superior they will try to be that."

"Religion needs chivalry today, too. Not to go upon a crusade to rescue a creedal tomb in which the religion of Jesus has been buried, but to plant the spirit of Jesus in our modern pagan civilization. Not merely to wear the cross upon one's garments, but to live the ideals of Jesus in one's life."

HAVE 203 IN NEW CALVARY CHURCH HERE

About 300 persons were present yesterday morning at services of the Calvary church here in the Elbell clubhouse, at the close of which deacons were elected and it was announced that the institution had 203 charter members. The church is a branch of the Calvary church at Placentia.

The deacons will serve for six months, after which another election will be held so that the fiscal year will conform to that of the Placentia organization. The deacons will meet tonight at the home of Deacon C. E. Pollins, 1146 South Birch street, for election of other church officers.

Those elected were M. B. Allen, Frank H. Smith and Glenn C. Bower, Garden Grove; R. Earl Elliott, Dr. S. L. Aubin, Lewis J. Gall, William W. Jones, L. D. Mercereau E. Von Engen and Pollins, all of Santa Ana.

O. W. Lillie, representing the Placentia church, told the congregation of the pleasure his organization felt at the launching of the Santa Ana institution. Other Placentia members present carried a motion to accept the new church as a branch.

The Rev. Frank Lindgren, pastor, will move here this week with his family, from Los Angeles.

The pastor's subject yesterday morning was "The True Church—Who Are In It?" The discourse was an exposition of the twelfth chapter of 1st Corinthians regarding the church as the body of Christ. The Rev. Mr. Lindgren spoke of the place of the different members of the body as a picture

"Everything that we have of Christianity both in the Old Testament and in the New came to us through the Jews. Every promise and covenant that we find in the Bible was made to the Jews or with them. Every Bible writer, whether of the Old Testament or of the New, was a Jew," said Evangelist John E. Ford at the tabernacle on North Main street last night.

"There are many who do not want to have anything to do with anything of a Jewish nature. Many even fight the Ten Commandments because they think they are Jewish, but when one fights the commandments he is fighting God, for it was He who wrote them with His own finger, and Jesus, speaking of the only one of them that most people object to, said that it was given for man, not for any one people."

"The Jews rejected Christ so were cut off from being His peculiar people, but He must have a people in the earth, so Gentiles were grafted into the stalk (Jesus Christ) from which the Jews were severed. When Gentiles are grafted in they become spiritual Jews. They then receive the covenants, law and promises that formerly applied to the Jews only."

"All who are children of God become Jews. All who enter the New Jerusalem will enter through a gate over which is written the name of one of the twelve tribes of Israel."

JUSTIFICATION SERMON THEME OF REV. OWINGS

The Rev. Harry Evan Owings, pastor of the First Baptist church, delivered a sermon yesterday morning entitled "Justified by Faith," in which he spoke in part as follows:

"Although the doctrine of justification by faith seems to claim little attention today even among Christian folk, it has at certain periods of the church's history played a leading role. On account of his formulation of it and contention for it Paul was branded an unsafe liberal by the conservative party of the church, and in the sixteenth century Martin Luther with this doctrine as a sword in his hand broke through the Roman Catholic and radical leader of an ecclesiastical rebellion which came to be called Protestantism."

"The gist of the teaching as formulated by Paul seems to be that when a man finds himself unable to reach his desired standard of righteousness through his own efforts and thus finds himself a failure, he comes to feel through his fellowship with and faith in Jesus Christ that God accepts him as righteous not for what he is or has attained but for what he aspires and is determined to be. 'What I aspired to be and was not comfortable in.'"

"Now such a teaching seems altogether reasonable when we remind ourselves again of what faith is in the New Testament usage. According to G. B. Stevens it is a personal relation to God involving union with God, obedience to His will, and increasing likeness of character to Him. Now when a man has that as the response of his whole being to the Christ, God accepts him as righteous or as justified. It is the same thing that we do in a hundred relationships. We judge a child as dutiful or the opposite on the basis of his general attitude, not by a close scrutiny of every deed, and we judge our friend on the same basis. So according to this fine conception of Paul, God does not wait for a man to reach the goal before declaring him acceptable but simply asks that he be traveling wholeheartedly and determinedly in the right direction, that direction being determined by the complete surrender of himself to Christ."

Episcopal Men To Hear Travel Talk

CHRISTIAN SCIENCE

A lesson-sermon on "Probation After Death" was presented on Sunday at the Santa Ana First Church of Christ, Scientist.

One of the Scriptural selections in the lesson-sermon cited Paul's statements to the Galatians: "Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such an one in the spirit of meekness; considering thyself, lest thou also be tempted. Bear ye one another's burdens, and so fulfil the law of Christ. For if a man think himself to be something, when he is nothing, he deceiveth himself. But let every man prove his own work, and then shall he have rejoicing in himself alone, and not in another. For every man shall bear his own burden."

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, said, "Every valley of sin must be selfless; he brought low, that the highway of our God may be prepared in Science."

CHRIST REMEDY FOR CONDITION OF THE WORLD

Declaring that there was too much evidence today of the spirit of getting gold and damning souls in the method of getting it, the Rev. Walter S. Buchanan, pastor of the First Christian church, asserted yesterday morning at the Men's Community Bible class, meeting in the Fox West Coast theater, that Christ was the only one who could save the nation and the world.

"When Paul was in Corinth he found it a very corrupt city," he declared. "But there is also corruption in American cities today. The world has made progress, yet at the same time it has retrograded. The question for us to consider today is what are we doing to help progress."

"Any man who has Christ in his heart will do the best he can at his job and will be careful not to let the desire for gold destroy souls in the getting of it. When Paul was in Corinth he worked at his trade as a tent maker. He was a good workman. That is one thing about the Jews, they are taught to work and live good lives."

"Paul took into Corinth a great power—Christ. He is the only thing that will save men, our nation or the world."

Homers C. Woods sang several numbers for the class at its meeting accompanied at the piano by his wife.

Presbyterian Church Is Scene of Lovely Evening Wedding

A church wedding of much charm took place Saturday evening, October 24 at 8 o'clock in the First Presbyterian church, when Miss Eulalia Colyn, daughter of the Rev. and Mrs. L. Colyn, this city, and Dwight Rutledge, were married. The Rev. O. Scott McFarland, pastor of the church, officiated.

The musical program preceding the ceremony was a lovely one, and included many organ selections played by Miss Ruth Armstrong. These were "To a Water Lily," "Venetian Love Song," "Meditation from Thalía," "Salute D'Amour," "Serenade" by Walter, "Because" and "O Promise Me." The church quartet, composed of Alexander Garroway, Cecil Crabb, Hugh Rannels and Walter Vieira sang "All for You" and "Until," after which Miss Armstrong played "Lohengrin's Wedding March" for the entry of the bride party.

Miss Colyn entered with her father, the Rev. Mr. Colyn. She was attractively gowned in the conventional bridal white satin, fashioned on becoming lines. She wore a filmy veil brought to her hair with orange blossoms, and her shower bouquet was of white roses and lilies of the valley.

Miss Ethel Hunt, as maid of honor, wore rose satin and carried rose sweet peas. Twin sisters, the Misses Verona and Helen Mackay were bridesmaids, and they wore green taffeta frocks and carried yellow and pink sweet peas.

Jud Hayes attended Mr. Rutledge as best man, while ushers were Dan Simms and Dick True. The ceremony was read before an altar decked with large bouquets of yellow chrysanthemums, many palms and greenery. Tall, glowing candles were arranged in candelabra.

An informal reception followed, and at this time the bride cut her lovely wedding cake. This was served with ice-cream wedding bells and smaller cakes frosted in yellow.

The new Mr. and Mrs. Rutledge left for their honeymoon trip shortly after the bride wearing a crepe and velvet combination of Spanish tile and black. Although they plan to make their home in Sacramento where Mr. Rutledge is engaged as a topographic engineer, they will return to this city for a visit following their trip.

Mrs. Rutledge has been teaching for the past four years at the high school in Wasco, Calif., where she has been instructor in English and director of the orchestra. Mr. Rutledge is a graduate of the University of Utah, and he is formerly of that state.

College Sophomores Preside As Hosts At Dance

Black and white streamers formed a striking overhead canopy, under which junior college co-eds in colorful filmy dresses and their escorts in more sober attire danced to modern music, at the annual semi-formal soph-fresh dance, held in the Orange Legion hall Saturday evening.

Black and white skeletons and black cats were much in evidence, while gruesome black and white skulls formed dance programs in completing the color theme. The sound of music was furnished by Carlston Smith's seven piece orchestra.

The affair was headed by Charles Stehly, president of the sophomore class, and was an extended welcome to freshmen, who Saturday night were allowed to cast away their green fresh pins, and become full-fledged members of the junior college. Stehly was assisted by Don Harrison, vice president; and Miss Bernice Keller, secretary.

Members of the sophomore class, and by Miss Marjorie Arundell, social chairman of the associated students, and Miss Agnes Todd Miller, social advisor.

Apple cider punch was served throughout the evening by pledges of Las Gitanas, social service club. Approximately 300 students and guests were in attendance at the successful affair. As a return compliment, the freshmen will present a dance honoring the sophomores, probably some time during the second semester.

Patrons and patronesses for the dance were Mr. and Mrs. L. L. Beeman, Mr. and Mrs. George B. Holmes, Mr. and Mrs. H. O. Russell, Miss Mable Whiting, Miss Agnes Todd Miller and Sheldon Hayden.

It seems the Harmony Girls have a boy friend in Anaheim who prepares their programs for them and prints and decorates them very artistically. The announcer gets the works of art after each program as a souvenir.

Genevieve Knox, conductress of the Woman's Hour program is urging all women to tune in at 10 o'clock tomorrow morning as she has a message of special interest for them at that time.

NEW GROUP OF ARTISTS TO BE ON KREG

Another new group of artists is scheduled to make their debut over station KREG tonight when the Smoky Mountain Boys go on the air at 8:30 for 30 minutes of song and instrumental music.

These boys are real musicians and feature the old time music to which grandfathers and grandmothers went through the figures of the square dance when they were young. The group will also feature the old time songs that the "young-man-about-the-crossroad-store" sang years ago.

A modern touch is added to their program by the "Ukulele Kid" who recently joined the troupe. Hailing from Pennsylvania the "Ukulele Kid" has lived in Santa Ana for some time and is well known here and in nearby beach communities.

Starting at 9 o'clock the Spanish Hour, under the direction of Senor Guillermo Orozco, will present one hour of the highest type Spanish music played and sung by the best Spanish musicians available. All announcements are made in Spanish and, according to mail received at the studio has been of great benefit to students of that language.

A popular request program from 10 until 11 p. m. will conclude the day's broadcast.

'CISCO KID' IS ROMANTIC TALE OF OLD WEST

Lovers of romance and adventure will find a treat awaiting them at the Fox Broadway theater this week. In "The Cisco Kid," which opened to a delightful audience last night, is presented a stirring tale of the Old Southwest, cleverly plotted, gorgeously executed and revealing some of the finest work that its leading players, Warner Baxter, Edmund Lowe, Conchita Montenegro and Nora Lane have yet contributed to the screen.

Lowe, a cavalry sergeant, departs from Fort Huachuca in search of his old enemy, the Cisco Kid. The trail leads to the little frontier town of Carrizo, where the Kid's current flame Carmencita, is dancing in a saloon. The sergeant wings the fleeing Kid in the shoulder, and then endeavors to get Carmencita to help him trap the bandit, but she scornfully turns him down.

Meanwhile the Kid reaches a ranch owned by a plucky widow, who nurses him back to health. In gratitude, he stages a bank robbery to alleviate the lady's financial distress, and this leads up to an exciting and unexpected conclusion when Lowe finally tracks his enemy to earth.

Real Arizona background of breath-taking beauty, an exceptional supporting cast headed by James Bradbury Jr. and Charlie Stevens, and the sympathetic direction of Irving Cummings serve to make "The Cisco Kid" a Fox offering of unusual merit.

Sweet Potatoes-Tropical Style

It isn't a pleasant thing to lose a friend by death, but some of these friends have a happy faculty for keeping their memory green in the remembrances they will to us. It was my happy lot to fall heir to a life-time collection of recipes gathered by a woman who had lived pretty much all over the countries which fly the American flag. I'm going on a wild cooking bust all week so that I can give you just a few of the choicest of them—more later.

The first recipe is for sweet potatoes. This one was found in the tropics.

BAKED STUFFED SWEET POTATOES

6 medium sized potatoes
1 tablespoon butter
3 tablespoons evaporated milk or fresh cream.
Salt and white pepper to taste.
1/4 cup chopped blanched almonds
6 marshmallows.
Dusting of cinnamon for marshmallows.

Scrub smooth well shaped potatoes and bake until soft. Cut a thin lid off the flat side, scoop out the potato and whip it to a smooth cream with the butter, cream, salt and pepper. Put back into the potato shells, press a marshmallow into each potato, dust with cinnamon and bake in a brisk oven until the marshmallows have melted and browned nicely. Serve with chicken or breaded pork chops.

... ..

Tuesday we'll have Beet-Spinach Mould with cheese sauce from this collection. This dish with its sauce is a meal in itself and interesting from that angle.

TODAY'S RECIPE

Plum Pudding Mould
1 package lemon jelly powder
1 No. 2 can pineapple chunks
1 can figs in syrup
1 small package dates
1 cup marshmallow cherries
1 cup heavy cream, whipped
2 tablespoons powdered sugar
6 drops almond extract.

Desserts served at table have a very definite decorative value. This one is especially good looking, and far, far too easy to eat!

The syrups from the cans of figs and pineapple are used to make the jelled base. Measure them and add water if not up to the requirements on the package. When the jelly begins to set turn it over the fruits arranged in a circular mould, and these fruits are: Pineapple, shredded, 1 cup; figs cut in small slices; dates halved, stoned and cut fine; halved marshmallow cherries, 1/2 cup. Chill the mould several hours, when ready to serve turn onto a serving plate, fill the well in the jelled mould with cherries and whipped cream, allowing it to flow down over the sides at will. In serving, slice down and just as you would a cake, and serve with the cream and cherries.

Don't leave out the dates, ever! It is the dates which give this delectable dessert its richness and flavor.

There are eight servings in this dessert, each one with some 350 energy calories to its credit. Fat ladies, omit the whipped cream.

With the great depression in full cry it behooves the cook to use every bit of cooking heat to the best advantage. How about Oven-baked Dinners? I can send you three menus for oven baking if you'll send me a stamped, self-addressed envelope. No other charge this week, y'know.

"CISCO KID" PLAYERS

Conchita Montenegro and Edmund Lowe, two of the principal players in "The Cisco Kid," which stars Warner Baxter, now show "Old Arizona," and is one of the best western pictures seen in Santa Ana at the Fox Broadway theater. The picture is a sequel to "In Ana in a long time.

'SOB SISTER' OPENS SHOWING AT WEST COAST

Two young players who have made good in Hollywood in an unusually large way head the large and brilliant cast of the Fox production, "Sob Sister," which is now delighting the audiences of the Fox West Coast theater.

They are James Dunn and Linda Watkins.

Six months ago, Dunn was just another ambitious but "unknown" New Yorker, taking screen tests at the New York studios of the various large film companies. Then Fox Films asked him to take a test and then the first train out of New York, Hollywood bound. In his pocket was a Fox contract and at the Hollywood station was waiting the leading role in "Bad Girl."

As Sally Ellers' boy friend in that picture, Dunn carved a line in screen history and a niche for himself in stardom.

The other star is Linda Watkins, perhaps not so well known to screen fans at this time, but who is destined for the heights on the silver screen. Miss Watkins, who makes her film debut in the title role of "Sob Sister," is a Bostonian by birth but a New Yorker by training, having lived in the metropolis since the age of four weeks.

"Sob Sister" derives its title from the appellation tagged on to those feminine members of the press who write up the heart throbs of the day's news. But in its true sense it is not a newspaper story. It is rather a delightful and thrilling romance of two newsgatherers and deals with their own honest emotions and heart aches instead of the hardboiled cynical attitudes with which they arm themselves when on the chase for news.

REG. U. S. PAT. OFF.

The Tinsles, standing by the well, heard Clowzy very loudly yell, "I'll bet that I can carry any big jug on my head. If women here can do that trick, why, I can, too—and very slick." "All right," said Clowzy. "Go ahead and prove what you have said."

Then Clowzy snapped, "I'll do it now. Just watch me and you'll soon learn how." He grabbed a jug of water and then lifted it up high. But when upon his head 'twas set, it slipped and he got soaking wet. "Ooo, that's enough!" he shouted. "No more fancy tricks I'll try."

They spent the balance of the day along the busy streets, at play. The Travel Man then said, "I think tomorrow we will go upon a trip right through the air." The Tinymites all shouted, "Where?" And then the Travel Man replied, "To good old Mexico!"

They all agreed that would be swell. That night they didn't

sleep so well because they were excited. With the dawn they all arose and went to where the airplane was. The engine started with a buzz. And as they left the ground, one Tiny shouted, "Off she goes!"

The trip to Mexico was fine. It seemed they flew a real straight line. Then, when they saw a town below, one Tiny cried, "We are here. The plane is sweeping toward the ground. I hope it doesn't bounce around." A real safe landing then was made, with not a thing to fear.

Right into town they promptly went, all happy lads and pleasure bent. Wee Coppy saw a funny cart. "Let's ride on that," he roared. "All right," replied the Travel Man. "I'll pay the owner, so you can." It wasn't very long until they all had hopped aboard. (Copyright, 1931, NEA Service, Inc.)

The plans for the Thanksgiving service were tentatively made, with the meeting at 10 a. m. at the Church of the Nazarene. The Rev. Charles E. Fuller of Calvary church, will give the sermon. The Rev. M. R. Dutton, pastor of the Church of the Nazarene, will act as chairman. The Rev. Mr. Brigham will read the scripture lesson and the Rev. Mr. Pierson, pastor of the Mexican Baptist church, will offer prayer. Music will be in charge of Don Milligan, assistant pastor of Calvary church.

PLAN RELIEF FOR NEEDY IN NEWPORT AREA

NEWPORT BEACH, Oct. 26.—This city is preparing to take care of its own unemployed and those within its borders needing relief during the coming winter season.

As much city work as possible is being planned, and names of those needing work in this city have been given to Governor Rolph's committee, following a letter written to Mayor Johnson by the governor stating that a certain number from here could be employed on state work in this vicinity. This letter was sent to mayors of cities all over the state.

A city-wide welfare committee designed to cover the whole city was formed at a meeting in the Newport Beach school Friday night. The plan decided on was to form the city into seven sections, with a director in charge of each, and a general chairman, who is also chairman of the entire welfare committee.

The Rev. R. C. Stroup, pastor of the Community church, was elected chairman, with Mrs. Paul Ellsworth secretary of the two meetings a year scheduled for the general committee. The chairman and seven district directors will appoint a secretary and any other officers needed, none receiving pay, however, and will meet frequently. The Newport district, where it is anticipated most of the relief may be required, will have two directors, a man and a woman. The districts and the regional directors are: Corona del Mar, Mrs. F. D. Lewis; Balboa Island, George Russell; Balboa, Charles H. Way; East Newport, Mrs. W. W. Crozier; Newport, F. D. Robertson and Mrs. Alfred Smith; West Newport, Helen Coffin; Newport Heights, Mrs. Joe Jordan.

Bona fide residents of the city will be given first consideration and in case of those asking for relief or for whom relief is recommended, an investigation will be made, it was stated. The committee hopes to have the co-operation of every organization in the city, and to have at least one representative of each at its semi-annual meetings.

RESIDENTS OF HEIGHTS AREA VOTE TUESDAY

NEWPORT HEIGHTS, Oct. 26.—Everything is in readiness for the vote tomorrow on the question of annexing to the city of Newport Beach that section of Newport Heights south of Sixteenth street and reaching from the high school to Newport boulevard. The district comprises about 115 acres and includes the high school property.

Mrs. H. O. Ensign is judge for the election and Mrs. Laurella Bell and Fred Kenline inspectors. The polling place will be at Kern's garage. There are 101 names on the voters' list, according to an official check, but some on the list have moved out of the district, and it is said that not more than 50 will be eligible to cast ballots.

The chief ground expressed by those opposed to the annexation is the higher taxes that would have to be paid in the city. Those in favor of the plan, however, claim that in the case of householders, taxes would be less because of garbage and trash collection would be given, and this is now paid for.

They also state that the district would receive free fire and police protection and lower insurance rates as soon as it was annexed. This would apply to the new \$410,000 high school, which is just outside the city limits, and which would of course not pay any taxes. Elementary school facilities also enter into the arguments. At present most of the children living here attend the Newport Beach school and their parents wish to have the district in the city so they may continue. Many living in the district are in business in the city.

The petition asking for the election was circulated by B. F. Chaplin and R. M. Hampton. The Greater Newport Heights association, one of the most recent improvement associations in the harbor district, has endorsed annexation, as has its president, Mrs. Sadie M. Lewis, largest property owner in the district.

GOD'S CALL TO ABRAHAM TOPIC OF REV. HAWES

FULLERTON, Oct. 27.—"When God calls to men and women, it is dangerous to trifle," said the Rev. F. E. Hawes, pastor of the First Baptist church of Fullerton, who chose as his sermon "The Call of Abraham," at the morning services here yesterday.

"Abraham was twice called to forsake his land and people and to go into a land which the Lord would show him," the Rev. Mr. Hawes said. "This first call came to him when he was 50 years old and the second call at 75. In response to the first call Abraham went as far as Haran where he lived for 25 years. After the death of his father, God spoke to him again and then continued his journey into the land of Canaan. Just how the divine call came is uncertain. Abraham enjoyed seven theophanies during his life time. Perhaps it was in this way that he that God did call. Today it is not so much how God calls to men; but does He call and do men hear and obey the call?"

"This call of Abraham's involved separation from his country and kindred to a land that God would show him. Gen. 12:1. Why God required this separation is not stated. In the previous chapter there had been an attempt to centralize in the building of the tower of Babel. God's call to strict separation may have been his test of Abraham's faith in his ultimate purpose. We may always be sure of our ways and his thoughts are not our thoughts. But his ways are always best. When the call is clear, one need not pause to ask, 'Why?' His plans are always right and that is sufficient."

"Abraham's obedience is recorded in Gen. 12:4-9. He lost 25 years while he tarried at Haran. But God waited and in His own time and way brought Abraham to the land of promised blessing. The experience of Abraham is a picture of the present. God calls men hear; but for one reason or another they tarry at Haran. Thus they lose time and opportunity and invite the chastening rod to stir them to complete obedience. Has God called you? Have you professed that you would come out openly for Him? Are you prepared to stand today make it possible for the record to include you in the words written concerning the obedience of Abraham—"So Abraham departed as the Lord had spoken unto him." Gen. 12:4.

'GOD'S OFFER' DISCUSSED BY REV. NEWMAN

BUENA PARK, Oct. 26.—"God's Offer" was the subject of the Rev. W. L. Newman's sermon Sunday evening at the Congregational church. Choosing as his text, John 5:1 to 11, he quoted, Said in part: "Will be made whole? A man of 38 crippled from birth answered 'yes,' and was made whole. With His help and the simple word 'yes' we may also be made whole. 'By setting our wills and souls with Him we may have the power of the disciples of old. 'Men in business are represented by proxy. There is no proxy before God. We are each responsible for our own souls to God. Our service and love should be a constant and never changing acceptance of Him not affected by environment and circumstance. 'Be positive as He was positive. Will you have more power? Will you say 'yes, Lord,' as did the man of old?"

Announcement was made that the Men's brotherhood of the Congregational church will meet for a 6:30 o'clock dinner tonight. The Rev. J. Knight will be the speaker of the evening.
